

**TUBIFLESSIBILI**

# SCIROCCO

**STRUCTURE**

Hose made of a PVC-coated polyester fabric exterior and interior aluminized fiberglass fabric, metal spiral stopped by external polyester tape black. End sleeves with smooth, reinforced with respect to the tube, without a metal spiral

**APPLICATION**

Flexible studied for extraction of welding fumes with the presence of sparks. Highly compressible, this can be supplied with flexible rings at the ends, eyelets and/or shackles. On request can be supplied without a metal spiral tube as crisp. Depression can be supplied for high pitch of the spiral greatly reduced

**TEMPERATURE RANGE**

-20°C/+120°C in +20°C ambient

**COLOUR**

Yellow/grey outside, white inside. Black scuffstrip

**DIAMETER**

From 102 mm up to 1.200 mm

**STANDARD LENGTH**

On request

Internal diameter (mm)	Wire pitch (mm)	Theoretical bending radius (mm)	Working pressure (bar)	Vacuum (bar)
102	50 ÷ 150	0,5 x Ø interno	0,6	0,05
127	50 ÷ 150	0,5 x Ø interno	0,6	0,05
152	50 ÷ 150	0,5 x Ø interno	0,6	0,05
160	50 ÷ 150	0,5 x Ø interno	0,6	0,05
178	50 ÷ 150	0,5 x Ø interno	0,6	0,05
203	50 ÷ 150	0,5 x Ø interno	0,6	0,05
220	50 ÷ 150	0,5 x Ø interno	0,5	0,05
229	50 ÷ 150	0,5 x Ø interno	0,5	0,045
